
DETERMINE YOUR FIRE ESCAPE ROUTE

Outdoor Safety

ACTIVITY

Purpose:

Determine your fire escape route.

Research:

Walk around your home and make notes on where the windows and doors (internal and external) are located on all levels.

Procedure:

1. Draw a floor plan of your household, including all levels, windows, and doors.
2. Establish one primary escape route.
3. Use arrows to indicate an escape route from each room in the house.
4. Example:

5. Make your plan drawing:

Observations:

Mark an X in the location outside the house where everyone is to meet in case of a fire.

Why is this an important step?
